

PE and Sport Premium for Primary Schools

The PE and Sport Premium is an allocation of additional funding provided to schools to make additional and sustainable improvements to the quality of physical education (PE), physical activity and sport offered within school.

We believe that PE and Sports are an integral part of every child's education and development. We aim to inspire the next generation by providing a wide range of sporting opportunities that cater for children of all abilities. We feel that all children should have access to quality PE provision, with the intention of increasing the amount of young people taking part in regular sporting activity throughout their lives.

In the academic year 2020/2021, Church Langton Primary School received a total of £17,770 which has been spent as follows:
