

Design & Technology across the Primary School

Monday 25th February 2019 3.45-5.00pm

Church Langton CE Primary School

The workshop will be led by Mrs Caroline Pemberton, one of our talented and experienced art technicians with a background in design.

The session will include looking at the National Curriculum and key skills for each year group. We will explore how to plan for progression.

We will look at the design process as a whole and discuss how it can be embedded in every topic.

You will have chance to think about practical examples and how D & T could fit into your timetable.

There are a limited number of places available due to the size of the art room and will be allocated on a first come first served basis.

Cost: *Free to all schools actively engaged in ITT*
